

Gatton Manor has a new Head Professional!

**Rob Humphrey
PGA Qualified Head Professional
& NLP Sports Practitioner**

Rob qualified as a PGA Golf Professional in January 1997. He began his teaching career at Hoebridge Golf Centre in Woking. Hoebridge is one of the busiest golf centres in the south of England. Rob worked his way up through the ranks to the Senior Assistant Professional. Although Rob's main passion is teaching he is also a highly competent tournament golfer. He regularly competes on the South Region & Surrey PGA circuits. In 2003 he won Surrey's oldest Professional tournament The Surrey Open. In 2004 he moved to the prestigious, The Richmond Golf Club as the Senior Assistant Professional.

Rob brings to Gatton Manor an enthusiastic, fun & fresh approach to coaching. He has furthered developed his skills through training as a NLP Sports Practitioner, which he has found invaluable & has made some dramatic improvements with his pupils.

Rob explains "There have been many improvements in golf over the last 20 years. For example, golf clubs are bigger, more forgiving than ever before. Golf courses are much better set-up & prepared nowadays & the knowledge of the golf swing have improved, through video analysis for example. However I have to ask the question. Why the average golf club handicap has basically remained the same over the last 20 years, despite all these improvements? Maybe its time for a different approach to teaching the game. With the skills & tools I have learnt from Dr. Karl Morris & Jamie Edwards from Trained Brain (who work with some of the top sports men & women around the world including Freddy Flintoff & Darren Clarke to name just two.) We are changing the way golf is coached & learned with some fantastic results!"

Rob & his team are available seven days a week. With services including

Individual golf lessons
On course tuition
